

## **SE Bootcamp: Project 1 - User Stories**

1. I want to find a 5K in a few months as a motivator to start exercising.
2. I want to see available events near me to line up a schedule of increasing distances, ultimately building up to a half marathon in several months.
3. I am an avid runner, and I'll be visiting Sacramento in December. I want to know if there will be a marathon I can attend while I'm in town.
4. I'll be attending UC Davis in the fall after graduating high school. I used to run cross country and track, and I would love to see what events are held where I'll be living soon.
5. I just ran my first 5K, and now I'm hooked. I want to sign up for as many local events as I can find.
